

## In-Suite BINGO is Popular!

While adhering to the new way of life at Rotary Villas has been hard, we help past the time by having some friendly competition with good old BINGO! We have even made bingo players out of people who have never played Bingo!

The Wellness Department delivers daily numbers to the rooms until we get a phone call that there is a BINGO! Although we have had only three games now, the black out, two lines anyway and the letter T, we have had a few winners!

Congratulations to Barry Kavanagh, Ina Biernis, Jerry Ross, Ken Gill, Elaine Denmee, Larry Couling and Marie Thompson. They were winners of very large chocolate bars!!

New games will continue to be played until we can return to normal programming. Good Luck Everyone!!

## Lunch Choices

After successfully offering supper meal selections, we are now able to offer you choices at lunch. The procedure will remain the same as supper. The servers will call all residents in the morning to get their lunch choices. This will start June 1st.

## Pet Alley Expansion

Rotary Villas is considering expanding the pet friendly area to encompass all of the first floor suites. We welcome feedback from all first floor residents.

# The Retirement Lifestyle You Deserve

June 2020

## COVID-19 Update

**Outdoor Resident Visits:** Restrictions have been lifted to allow for outdoor resident visits. Information was sent out, door to door last week. We have set up 2 outdoor visiting locations, one at each end of the Pergola. Stations are sanitized between visits. There will be a maximum of two visitors allowed at a time. If you or a friend/family member wish to set up an outdoor visit, an Visitor Request form must be filled out with resident and visitor's names and phone numbers. These are available at the front desk. You, your visitor or reception can fill them out. Then the visit can be scheduled by the front desk receptionist.

Points to remember:

- Cloths masks are required (visitors are to bring their own - we do not provide them)
- Visits last no longer than 30 minutes.
- No food or beverages are allowed at the visit.
- No pets are allowed at the visit.
- Social Distancing (6 feet / 2 meters) will be strictly enforced.

**Activities:** MB Health has increased the indoor gathering size from 10 to 25 people providing the 6 feet physical distance can be maintained.

This enables us to begin planning small recreational activities such as Stretching, Happy Hour, Mental Aerobics, Sing a long with Grace.

We will send out a weekly Activity Calendar for the time being as we begin our plan.

# Sept 13- 19, 2020

# Weekly Recreation Calendar

Sunday Sept 13	Monday Sept 14	Tuesday Sept 15	Wednesday Sept 16	Thursday Sept 17	Friday Sept 18	Saturday Sept 19
